

Standard Template — Letter and Internal Email

Form ADM-LT Rev. 2. Applies to internal correspondence and external letters.

SYNTHETIC DOCUMENT - created for a Smart India Hackathon prototype demonstration. Not real plant data.

1. Subject line

One line, specific. Name the equipment or matter and the purpose. Avoid generic subjects such as 'Update' or 'Issue'.

2. Greeting

Address the recipient by role or name. Internal correspondence may use 'Dear [name]'; external letters use the full form.

3. Opening paragraph

State the purpose in the first sentence. The reader should know why they received this before the second paragraph.

4. Body

Two or three short paragraphs. One idea each. Cite the source document and page for any figure quoted. Do not exceed one page.

5. Recommendation or request

State plainly what is being asked of the recipient, and by when.

6. Closing

A sign-off, the sender's name, designation and department.

List any enclosures below the signature.
